

The Sixth Conference on Mechanisms, Transmissions and Applications - MeTrApp 2023

Futuroscope-Poitiers, France, May 24-26, 2023

First Call for Papers

Organized by

Prime Institute - University of Poitiers

Under the Patronage of IFTOMM

International Federation for the Promotion of Mechanism and Machine Science
 Technical Committee for Linkages and Mechanical Controls
 Technical Committee for Micromachines

Conference Chairman

Med Amine Laribi (France)

Conference Co-Chairmen

Carl Nelson (US)
 Marco Ceccarelli (Italy)
 Saïd Zeghloul (France)

International Scientific Committee

Burkhard Corves (Germany)
 Victor Petuya (Spain, Chair)
 Marco Ceccarelli (Italy)
 Med Amine Laribi (France)
 Carl Nelson (US)
 Saïd Zeghloul (France)
 Monica Urizar (Spain)
 Gökhan Kiper (Turkey)
 Chin-Hsing Kuo (China-Taipei)
 Giuseppe Quaglia (Italy)
 Yukio Takeda (Japan)

Local Organising Committee at the University of Poitiers

Juan Sandoval
 Marc Arsicault
 Laurence Artus
 Estelle Ferdinand
 Catherine De Saint Martin

Aim

The aim of the Conference is to bring together researchers, scientists, industry experts and students to provide, in a collegial and stimulating environment, the opportunity for know-how exchange, and to build up collaboration in the field of Mechanism and Machine Science.

Topics

Mechanism and Machine Design ·
 Biomechanics · Mechanical
 Transmissions · Mechatronics ·

Computational and Experimental Methods · Dynamics of Mechanisms and Machines · Micromechanisms and Microactuators

Submission, presentation and publication

Authors are invited to submit a full paper. Submission details will be provided at the conference webpage. The official language of the Conference is English. Each submission will be rigorously reviewed and accepted papers will be published in a book edited by Springer MMS Series.

Deadlines

Full paper submission: December 01, 2022
 Acceptance notification: January 20, 2023
 Final paper submission: February 10, 2023

Venue

The conference will be held in Poitiers, a classic French provincial city. Capital of the Poitou area of western France, and county-town of the Vienne department, it is a historic city that has conserved much of its old-world charm.

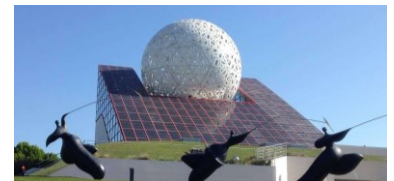

The University of Poitiers is one of oldest universities in France, founded in 1431. Nowadays, with 25% of the population who are students, Poitiers is considered as the 1st College Town in France.

The city is easily accessible by plane, TGV high-speed rail link, or car. The most popular tourist attraction just outside Poitiers, is the *Futuroscope*, a future-themed hi-tech theme park with

some attractions and shows, some of which are the only examples in the world.

Accommodation

Poitiers provides accommodation in several hotels of different categories. A list of hotels will be available on the conference website

Registration

The registration fee includes the complete program of the **MeTrApp2023** Conference and paper publication. The registration fees are:

Early Registration/IFTOMM Members	400€
Registration after April 01, 2023	500€
Students	260€
Accompanying Person	250€

Registered participants will receive a copy of the Conference book.

Further Information

This is the first call for papers intended to inform about the aim, topics and important dates of the Conference. Detailed information about detailed venue, accommodation, social program and other topics will be published on the website.

Correspondence Address:

Assoc. Prof. Dr.-Ing. Med Amine Laribi
